LIVINGSTONE

This model is born from the desire to combine a pure geometrical form and the natural imperfection deriving from the shape itself when observed in the natural world.

Here geometry and nature are getting married giving life to a decorative radiator with unprecedented forms, where precision and imprecision blend and combine.

Aperoso

Stone:

- ~ white
- ~ coloured (see finishings table)
- ~ coloured in RAL scale

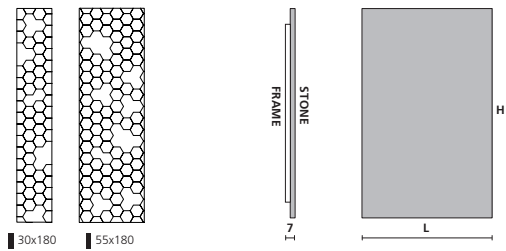

Frame:

- ~ matt black as standard
- ~ Livingstone® colours (see finishings table) or RAL scale upon request
